

ASME Chicago Scholarship Fund

My fellow ASME members;

Someday we shall all want to retire and enjoy the fruits of our labors. Toward that goal, we need to plan ahead and perhaps train our replacements to follow in our very large footsteps. You can do that with little effort by helping the next generation of engineers to obtain their engineering education. The ASME –Chicago Section established its affinity Scholarship, available only to immediate family of ASME-Chicago section members, for just that purpose. By making a contribution to the principle of the Scholarship fund, which is separate from the section operating funds, you can make that happen.

Please consider a donation to the Chicago ASME scholarship fund by:

- a. funding immediate need,
 - b. contributing to endowment of the scholarship program, or
 - c. both of the above.
- **Managers:** We need to continually fill the pipeline of engineers graduating into our profession. Small contributions now will pay big dividends later when it comes time to fill positions opening up by retiring employees of your enterprises.
 - **ASME-Chicago members:** Is your son/daughter thinking about becoming a Mechanical Engineer? If so, they could, as an entering freshman or a continuing undergraduate engineering student, apply for the ASME scholarship. Small contributions now yield big dividends for future engineers.

Education reduces the risk of problems associated with poverty; engineers solve problems and design products and systems that improve the quality of life. Please invest in educating future engineers and join me in contributing to the Chicago ASME Scholarship fund.

\$ 25.00 \$ 100.00 \$ 1000.00 Other

Immediate need Endowment Both

Please make all checks payable to Chicago Chapter ASME Scholarship Fund, and mail them to:

Lou Wozniak
Chicago Section Treasurer.
2140 E. Peachtree Lane
Arlington Heights, IL 60004

Or:

Visit <http://www.asmechicago.org/Sch.htm>, and click on the "contribute to scholarship" link, and make your contribution using PayPal.

When making a contribution, please provide your name and USPS and/or electronic address. The section will send a thank you letter to document your contribution to a ASME, a non profit organization under the IRS code at section 501(c)3 (Tax Deductible).

Thank you in advance for your consideration and/or contribution.

Very truly yours,

David Klimas -Chair / B. F. Biederman - Past Chair
ASME Scholarship Development Team
